

SKIP THE PAPERWORK

Stay on track for your license. Log every Maine drive on your phone.

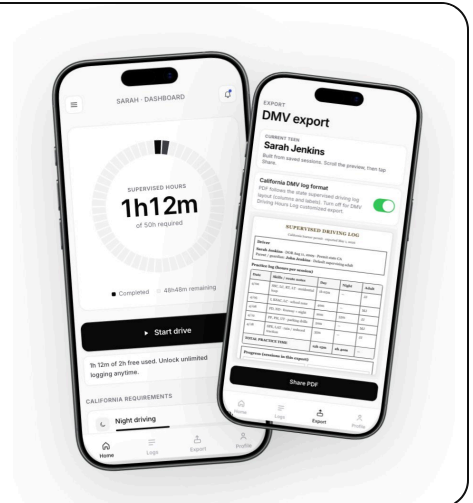

Start a drive and the app records the time, route, conditions, and supervisor for you. No more adding up hours by hand or losing the sheet before your test. Pick the date you want your license and it builds a weekly plan to hit Maine's 70 hours on time.

Scan to get the free app

1. Open your phone's camera.
2. Scan the QR code.
3. Download on iPhone or Android.

Or visit dmvdrivinglog.com

A weekly plan you can stick to

See this week's hours against your goal and whether you're on track. Optional reminders nudge you to get your next drive in.

Built for Maine

Maine's 70 supervised hours (including 10 at night) are loaded for you, with progress tracked automatically.

Every hour counted

The timer keeps running when you switch to Maps or lock your phone, and night hours are detected automatically from local sunset.

DMV-ready export

Export a finished PDF matched to the Maine DMV form, ready to hand in.
